### Learning Communities

Students interested in forming a group may contact [clas.sa.ucsb.edu](http://clas.sa.ucsb.edu) for assistance. We strongly encourage students to meet one another and then continue to study together on their own without a tutor. Highly effective.

#### Learning Community Priority Course

</table>

### Winter 2019

**Start Date:** Monday, January 14, 2019  
**End Date:** Sunday, March 17, 2019  
(excluding university holidays)

Priority Courses – Students seeking assistance in a course designated as a “priority course” are able to immediately work in small clusters that are facilitated by a CLAS group instructor for that course. In addition to the priority no-wait status in the queue system, students will also benefit for the added enrichment of the learning community model of the priority session and are therefore encouraged to attend.

Learning Communities – Student centered study groups facilitated by a CLAS tutor. Students in the same course will collaborate on course material and have access to a CLAS tutor for assistance. Meant to serve as a catalyst for students to meet one another and then continue to study together on their own without a tutor. Highly effective for both learning and community building, consistently enjoyable experience.
